SUMMARY

Highly skilled and detail-oriented Full Stack Java Web Developer with hands-on experience in designing, developing, and deploying scalable web applications. Proficient in Java, Spring Boot, RESTful APIs, and modern frontend technologies like HTML, CSS, JavaScript, and React. Strong understanding of database systems (MySQL, PostgreSQL) and version control tools (Git, GitHub). Adept at collaborating in agile environments, solving complex problems, and delivering high-quality code. Passionate about clean architecture, performance optimization, and continuous learning in full-stack development.

EDUCATION

2022-2025

Dr. Hari Singh Gour
Univercity Sagar

Bachelor of Science (Bsc) in Computer Application

- Relevant Coursework:
Data Structures & Algorithms, Database Management Systems, Machine Learning
- CGPA: 7.5/10

2021-2022

ST Joseph School, CBSE

Higher Secondary (Class XII)

- Scored 54% with a focus on Mathematics, Physics, and Computer Science.

INTERSHIPS

June-Aug 2024

Lanos It Solutions Pvt Ltd

Full Stack Java Web Developer Intern

- Developed and deployed a full-stack web application using HTML, CSS, JavaScript for the frontend and Spring Boot for backend services.
- Built responsive UI components and integrated them with backend APIs using RESTful architecture.
- Utilized Spring Boot to handle CRUD operations, form submissions, and business logic securely.
- Collaborated with team members using Git & GitHub, followed Agile development methodologies, and tested APIs with Postman.
- Deployed the application using Vercel and ensured smooth frontend-backend integration with high performance and responsiveness.

PORTFOLIO PROJECTS

Personal Portfolio Website (HTML, CSS, JavaScript, Spring Boot)

- Developed a modern and responsive personal portfolio to highlight your skills, projects, and achievements.
- Backend built using Spring Boot for handling contact form submissions and dynamic content.
- Deployed seamlessly on Vercel with optimized performance and SEO.

CodeNexa – Freelance Web Development Platform (HTML, CSS, JavaScript, Spring Boot, Vercel)

- Built a client-focused freelance platform to showcase services like website development and consulting.
- Integrated features such as client contact forms, service listings, and project inquiry backend using Spring Boot.
- Fully responsive and hosted live on Vercel, ensuring fast load times and real-time updates.

SKILLS

- **Technical Skills :** Java, Spring Boot, HTML, CSS, JavaScript, React.js, SQL, RESTful APIs
- **Soft Skills :** Teamwork, Problem-Solving, Communication, Time Management, Critical Thinking
- **Tools & Platforms :** Postman, Docker, Git & GitHub, Jira, VS Code, IntelliJ IDEA, Eclipse , Jinkin , Aws ,Vercel

CERTIFICATIONS & COURSES

Java Full Stack Web Developer – Lanos Institute, 2024

- Completed hands-on training in Java, Spring Boot, REST APIs, HTML5, CSS3, JavaScript, React.js, and SQL/MySQL.
- Gained experience in version control (Git/GitHub), CRUD operations, and MVC architecture.
- Worked on real-world projects with live deployment using Vercel and API testing using Postman.
- Built responsive and secure applications following modern development standards.
